THIS BROADCAST LOG IS  
DEDICATED TO THE MEMORY OF  
Leonore (Lee) Louise Allman  
(03/04/08 - 10/08/89)

I first met Lee Allman at the 1979 Friends Of Old Time Radio Convention at Bridgeport, Connecticut. She was born Leonore Louise Jewell and was the sister of James and Ralph Jewell. Over the years I have had the good fortune of meeting some of the nicest and greatest entertainers of the "golden days of radio." Lee was without a doubt one of the most gracious among these notables. She was always willing to answer that "just one last question" from any of the OTR fans that gathered for the yearly convention. She was always patient with her memories, no matter that it was the two hundredth time that the question had been asked. She brought with her each year to the gathering of radio enthusiasts, many of her scrapbook items and memories to share and sometimes give away. We would sometimes talk on the phone and share Christmas cards, but I looked forward most to seeing her and her husband "Slim," until one year Slim didn't make it to the convention. But Lee was there. She told me that he knew how much she looked forward to attending each year and told her not to miss it on account of his illness and death.

She was particularly proud of her brother James Jewell who was a guiding light behind many of WXYZ's best radio programming of the early 1930's, and continued in the same vein in Chicago after leaving Detroit. She always felt that Jim never received the proper credit he was due. In this case she was not unrealistic. It was not sisterly pride, but knowledge in the fact that she was there to see what happened and years later to hear and read about the credit that others unjustifiably took.

Her death last year was just eleven days before the 1989 OTR Convention. The convention was dedicated to her, and not only myself, but all of us lost a very good and special friend.

## ACKNOWLEDGMENTS

The listing of THE GREEN HORNET log that follows was compiled from many sources with the help from many people associated with the program and radio station WXYZ. Most of the accuracy comes from the original WXYZ production logs of the program and the broadcast logs that were kept by hand at the station. I now own this material and it has helped greatly in the production of good and accurate logs with very little misinformation in them. The material covered in the WXYZ papers include naturally the big three: THE LONE RANGER, THE GREEN HORNET, and THE CHALLENGE OF THE YUKON, but also information on BOB BARCLAY - AMERICAN AGENT, NED JORDAN - SECRET AGENT, WARNER LESTER - MANHUNTER, BLACK ACE, ANN WORTH - HOUSEWIFE, etc. Some of these programs are not now available and others like THE SEAHOUND have only four or five shows available to the collector. I shall make more information about these programs available in future logs.

This log, as well as THE CHALLENGE OF THE YUKON, came about with my research for many years on THE LONE RANGER. This is a task that still continues as I slowly tie up a few loose ends. Research in Washington, D.C. at the Copyright Office, reading many hours worth of microfilms of copyright entries, The Detroit News, The Detroit Times, and The Detroit Free Press newspapers, as well as other sources of information available on microfilms, helped very much. Many hours of research work, travel, telephone calls, entering data into the computer, etc., have gone into the body of this broadcast log, as well as being granted access into areas and material not normally available to the public. There is still some information that is needed to complete this log, and the work will continue wherever the quest for this information takes me. But for now thanks to those who have given willingly of their time and have helped and encouraged me in this work, especially to the following:
